jjrhodes@harfordcountymd.gov

Harford County Department of Parks and Recreation has been facilitating adventure and experiential programs since 1995. Nearly 1,000 groups (*and counting*) from church youth organizations to corporate management teams have benefited from our program which is aptly titled **"Above and Beyond"**. By utilizing games, initiatives, and the low and high ropes courses at Harford Glen, our aim is to push individuals and groups of all sizes, **above and beyond** their perceived limitations and to develop trust, cooperation and team work.

Is it possible to offer a program to both youth and corporations and have each benefit? The answer is YES! We can tailor the program to meet the needs of your group and take into consideration your groups specific make up and goals. In addition we can also offer off-site programming in which we bring the adventure to you. **"Above and Beyond"** programs can incorporate the climbing wall at Edgeley Grove into their programs or a climbing only program can be set up for your group.

Project Adventure, a leading name in the experiential and adventure field, is the model used to train our facilitators.

The following is a brief overview of an Adventure or Experiential Program format, the basis of the **"Above and Beyond"** program.

1. **An introduction to the concept of adventure and experiential programs** - Including the "Full Value Contract" which the participants agree to the terms. The concept of "Challenge by Choice" is addressed.
2. **Games and Initiatives** – Builds the base of cooperation needed on the ropes course.
3. **Trust Activities** – Spotting and safety instructions followed by trust falls and dives from heights up to five feet.
4. **Low Ropes** – Team and individual challenges featuring elements several feet above the ground.
5. **High Ropes/Climbing Wall** – The ultimate individual challenge taking participants up to forty feet in the air.

Participants have expressed the following:

"It was a truly wonderful and beneficial experience for all involved in our organization"

Tek Systems Northeast Region

"The setting was wonderful, the events appropriate, and the tone and skill of your staff just right."

Bel Air Athletic Club

"All of the feedback that I have received has been great, I know that all of us really enjoyed the experience."

The Gap Inc.

"This is the best staff development we have ever done."

North Harford High School

"Your program was excellent in every aspect and our team feels grateful to have had the opportunity to participate."
